## PRIMARIES TWO WEEKS OFF

Theodore Douglas Robinson Will  
Make Race Against Representative  
Millington, Who Has Heretofore  
Had the Support of Republican  
Leaders—May Cause Shake-up.

Utica, July 15.—The announcement by  
Theodore Douglas Robinson, nephew of  
former President Roosevelt, and who,  
with his father, Douglas Robinson,  
though residing most of the time in New  
York City, maintains a voting residence  
in Herkimer County, that he is a candi-  
date for the Republican Congressional  
nomination in the Onondaga-Herkimer  
district to succeed Representative Charles  
S. Millington, caused a great flurry to-  
day among the leaders in the district.  
The Republican organization leaders had  
made all their arrangements to send  
Representative Millington back to Wash-  
ington for another term. A nomination  
on the Republican ticket in the Onondaga-  
Herkimer district is equivalent to an  
election.

The primaries are to be held a week  
from next Thursday.  
Mr. Robinson says he intends to travel  
through Herkimer County by automobile,  
calling on every man he can reach. Rep-  
resentative Millington will also make an  
automobile campaign. It is well under-  
stood in Herkimer and Onondaga counties  
that Mr. Robinson is a candidate for  
nomination to Congress from this dis-  
trict "by and with the advice and con-  
sent" of his illustrious uncle.

It is believed that former President  
Roosevelt will enter the county and  
make a speech for his nephew or write  
a letter to show Republicans the way to  
vote in the caucuses.

It looks as if Mr. Robinson would have  
the support of the Onondaga County Re-  
publican League and of the Onondaga  
County Republican faction led by former  
Attorney General John C. Davies and  
Russell T. Johnson. If Col. Roosevelt  
comes to the county, Robinson or urges his  
nomination there is no question where  
the Camden leaders will be. They have  
always been warm supporters of Col.  
Roosevelt. The candidacy of young Rob-  
inson is a move against the machine in  
Herkimer County that has been for some  
years under the control of Daniel Strou-  
bel. No doubt it will be fought by the  
Federal officeholders in both counties.

It was reported to-night that the Strou-  
bel organization in Herkimer County was  
willing to give Robinson the assembly  
nomination if he would withdraw from the  
Congressional contest. Robinson will  
not accept the assembly spot.  
He is in the Congressional fight to  
stick.  
If Mr. Robinson's boom reaches serious  
proportions it is safe to bet that Onondaga  
County will produce a candidate for the  
Republican nomination for Congress.  
Lieut. W. G. Mayer, of Waterville, has  
long been regarded as Congressional timor.

## CANNON HEARS PINCHOT.

Former Forester Sees No Need of  
Another Party.

Kansas City, July 15.—"Uncle Joe" Can-  
non was at the Knife and Fork Club  
dinner at the Coates House to-night,  
which had gathered to listen to Gifford  
Pinchot. Mr. Pinchot said he was a  
Republican, saw no need of a third party,  
and didn't think there would be a third  
party.  
He spoke at length of the conservative  
movement, and at the conclusion of his  
address was presented with a large sil-  
ver tray by the Knife and Fork Club.  
"Uncle Joe" said he was going to Win-  
field to make his first Chautauqua ad-  
dress. He was apparently doubtful of  
his qualifications.  
"I am not much of a specialist, except  
in being a 'car,' " he said, with his char-  
acteristic smile.

## HAMMERSTEIN HOME ILL.

Impresario Arrives from Europe,  
Suffering from Breakdown.

Oscar Hammerstein, for four years  
"king of American Impresarios," re-  
turned from Europe this morning, ill of  
health, discouraged of spirit, nerve-  
racked and all but a wreck of the former  
figure which amazed two continents by  
his Titanic and all but successful war  
against the so-called opera trust.

The former proprietor of the Manhattan  
Opera House was under the care of phy-  
sicians all during his stay abroad and  
continued under treatment on the passage  
over on the Cunard liner Lusitania. He  
admitted that he was anything but well-  
to-day and said he would place him-  
self under the charge of some New York  
physician and endeavor to win back the  
health which he sought in vain in the  
capitals of Europe.

## TRIES TO DIE IN COURT.

Incorrigible Girl Foiled in Suicide  
Attempt.

New York, July 15.—Frances Miller, a  
sixteen-year-old Russian girl, who was  
being taken into the Tombs Police Court  
this morning to be arraigned as an incor-  
rigible, drew a bottle of corrosive sub-  
limation from her waist and tried to swal-  
low the contents. She had just reached  
the door of the courtroom, and there  
were a dozen or more men who grabbed her  
and took the poison from her.

The complainant was the girl's mother,  
Mrs. Rachel Miller, who lives at 142 Lud-  
low street. Frances disappeared from  
home two weeks ago. Last night she  
was found in Harlem in a room with  
several young men. She was taken to  
the West 125th street police station and  
turned over to representatives of the  
Council of Jewish Women, an organiza-  
tion that works in the interest of work-  
ing girls. This morning they took her  
to the Tombs Police Court to meet her  
mother. The girl became hysterical as  
soon as she saw her mother, and the  
business of the court had to be suspended  
until she could be quieted.  
Magistrate Murphy committed Frances to  
the Protestant Episcopal House of  
Mercy.

SENTIMENT IN WEST  
FAVORS ROOSEVELT

Continued from Page One.

case while anybody was around. The  
colonel made a little speech, and later  
told the delegation that he would make  
an address at the exposition in Knox-  
ville on October 2. This will be on his  
second trip.

The usual crowd of visitors pressed into  
the room as soon as the Tennesseans left  
it. Col. Roosevelt shook hands with a  
number of persons, recalling some of  
them by name. When he spied David W.  
Thompson, formerly Ambassador to Bra-  
zil and Mexico, the colonel made a char-  
acteristic greeting. He and Thompson  
were old friends. Thompson is a hot  
Roosevelt man, and he lives only a block  
away from William J. Bryan in Lincoln  
Nebr. He remains true to the colonel,  
nevertheless.

The former Ambassador, upon leaving  
the levee, explained to the newspaper  
men that he spends most of his time now  
in Mexico. Recently, however, he made  
a canvass of some of the Western States  
on his own hook, to find out what they  
think of T. R. He said that there is an  
overwhelming sentiment for a third term  
everywhere except in North Dakota. If  
his help were needed, Mr. Thompson  
would do all he could to help the cause  
along.

## West Wants Roosevelt.

"They will receive him with open arms  
in the West," he exclaimed enthusiastically.  
"The West is for Roosevelt to the  
backbone."

He thought that the West would say  
"Amen" to the colonel's running for a  
third term. He remarked again that he  
thinks a great deal of Mr. Roosevelt.  
Whatever political significance might  
be attached to the call of Representative  
Herbert Parson was not evident. He and  
the colonel talked very briefly and  
neither one had a word to say concern-  
ing their open conference. John K.  
Sleicher, editor of Judge and Loeble's  
Weekly, dropped in during the forenoon,  
but did not stay long. He didn't come  
on a political mission. State Senator J.  
Mayhew Wainwright was another caller.  
Thomas R. Shipp, secretary of the con-  
servative congress, saw the colonel to  
find out about arrangements for the con-  
vention in St. Paul in September. He had  
no announcement to make concerning his  
visit.

The colonel had luncheon with Mrs.  
Roosevelt. He ran up to the Museum of  
Natural History to see Prof. Henry Fair-  
field Osborne about some specimens of  
wild animals he is going to give to the  
museum. In the afternoon he worked  
hard. The colonel motored back to  
Oyster Bay and got to Sagamore Hill  
in time for dinner. He will be in town  
next Tuesday again.

LYON IS ACQUITTED;  
HOWE DISAPPROVES

Last Official Act of Brown-  
ville Affray Ends.

## OFFICER RESTORED TO DUTY

Captain Who Was in Command of  
Company D, Twenty-fifth Infantry,  
at Time of Shooting Up of Texas  
Town, to Resume Regular Post  
Duty—His Rank Remains the Same.

New York, July 15.—The last official  
act in the notorious "Brownville af-  
fay" was enacted to-day, when Brig.  
Gen. Walter Howe, commanding general  
of the Department of the East, acting in  
the capacity of a reviewing judge, ex-  
pressed his disapproval in passing opin-  
ion upon the decision reached by the  
court-martial appointed by himself to  
try the case of Capt. Samuel P. Lyon,  
who was in command of Company D,  
Twenty-fifth Infantry, at the night of  
August 12, 1906, when three colored com-  
panies, including Company D, engaged  
in riots in the town of Brownville, re-  
sulting in murder, and for which actions  
the soldiers were subsequently dismissed  
from the army by President Roosevelt.  
Gen. Howe received the voluminous tes-  
timony taken in the trial at Fort Myer,  
where Col. George S. Anderson, Ninth  
Cavalry, U. S. A., was president of the  
court-martial, and Capt. Charles R.  
Howland, Twenty-first Infantry, was  
judge advocate.

## Honorably Acquitted.

Eleven officers altogether composed the  
court, a simple majority of whom was  
necessary to return a verdict. Capt.  
Lyon was found not guilty and honor-  
ably acquitted by the court. In passing  
upon this decision Gen. Howe said to-  
day:

"From the evidence the only reason-  
able and probable explanation of the ap-  
parent surplus of ball cartridges was  
that too many rounds had been dropped  
as expended June 30, 1906. This surplus  
was covered by firing in supplementary  
practice during the month of October  
and not dropping as expended during the  
period ending December 31, 1906, and by  
taking up at that time 200 rounds as  
surplus."

"The reviewing authority has no doubt  
from the evidence that the exact con-  
dition of his ammunition was known to  
Capt. Lyon, especially after his inspection  
following the Brownville affair. As the  
question of ammunition entered so largely  
in all the subsequent investigations there  
is no reason why he was unable before  
the court of inquiry to give exact and  
full information thereof, except his de-  
sire to cover the errors in his returns and  
certificates."

"From the above, it is evident that the  
accused should not have been honorably  
acquitted and the error is disapproved."

## Restored to Duty.

The immediate effect of this disapproval  
by Gen. Howe will be to restore Capt.  
Lyon to duty at his regular post at Fort  
Lawton, Wash., by virtue of the review  
being a final act in the proceedings. There  
will be no new trial. Capt. Lyon's rank  
will remain the same.

One of the officers on Governors Island  
said to-day in discussing Gen. Howe's re-  
view that it had an equivalent effect to  
a dissenting opinion handed down by a  
judge on the Supreme bench when his  
court has decided a particular case con-  
trary to his conceptions. The effect  
might be educational or moral. Actually  
there was no effect other than to termi-  
nate the matter.

REAL ESTATE MEN  
PLAN VACATIONS

Interesting Trips in View

## SOME WILL RIDE THE AUTO

G. W. F. Swartzell Coming Home  
from Journey to Edinburgh—Bro-  
thers Going to Atlantic City—Mr.  
Fairfax Will Drive Automobile to  
Main and Back—Will A. Ant Moose.

Local real estate men, as well as  
bankers and brokers, are laying plans  
for their vacations. Most of them have  
been making money during the winter  
and spring months, and they will spend  
a portion of it in rest and recreation  
at various points and in various ways,  
pleasing and peculiar to each. The real  
estate men have worked out some in-  
teresting trips, in which they will find  
health as well as pleasure.

George W. F. Swartzell, of Swartzell,  
Rheem & Hensley, is soon expected home  
from Europe, where he has been more  
than a month. Mr. Swartzell went to  
Edinburgh to attend the Peace Congress  
last month, and from Scotland he went  
about England and the continent before  
starting for home.

## Goes to Atlantic City.

Clarence B. Rheem, another of the firm,  
will go to Atlantic City in the month of  
August, where his family is spending the  
major part of the summer. Mr. Rheem  
likes the great city by the sea, and has  
spent many of his vacation periods there,  
where he has friends and says he always  
has a good time.

A. T. Hensley, junior member of the  
firm, has not yet made his plans for a va-  
cation, and may not take any extended  
leave this year.

Harold Doyle, of Thomas J. Fisher &  
Co., will go to Chicago with the tennis  
players, of which he is one, to enter the  
series of games there for the cham-  
pionship. Mr. Doyle takes most of his re-  
creation in summer on the tennis court, and  
is recognized as one of the great players  
of Washington.

John E. Mitchell, of the same firm, will  
take his outing at Atlantic City with his  
family.

## Will Hunt the Moose.

W. F. Mattison will join a party of  
Washingtonians late in the fall and go  
to the interior of Canada and spend about  
three weeks hunting moose. Last year  
Mr. Mattison was in the same territory  
with rod and reel and had a good time  
hooking the wary trout. He and his  
friends thought this year they would go  
after big game, and will accordingly try  
the stalking of moose.

Charles Fairfax, of Stone & Fairfax,  
will start next week for an extended au-  
tomobile trip to New England. Mr.  
Fairfax will be accompanied by his wife  
and Mr. and Mrs. William Chesley. The  
trip leads first to some of the New Jer-  
sey resorts near New York, through that  
city to Connecticut, and on to Boston,  
with the destination at Poland Springs.  
Mr. Fairfax's return trip will be further  
north, through New York and historic  
points in Pennsylvania.

## Will See the Yosemite.

Charles Stone, upon Mr. Fairfax's re-  
turn, will join his family at Colorado  
Springs, and take a trip through the  
Yosemite Valley and on out to the Pa-  
cific coast and return. Mr. Stone will  
consume about a month upon his West-  
ern journey.

Edmund K. Fox had intended to take  
an extended trip to Europe this year, but  
said yesterday that business here might  
force him to relinquish it. Mr. Fox has  
several building enterprises going, which  
he says require his constant attention,  
and he fears that the trip abroad will  
have to be given up this year.

John Weaver, of Weaver Bros., will  
join his family next month at Lock Lynn,  
near Mountain Lake Park, Md., and will  
stay about three weeks.

Charles L. Lusk, of Shannon & Luchs,  
will take his holiday at Braddock Heights,  
Md., beginning next week.

Herbert Shannon intends to take an  
automobile trip to Boston upon the re-  
turn of Mr. Luchs.

## On His Maryland Farm.

William E. Shannon is spending the  
summer on his farm on the banks of  
Peach Blossom Creek, near Eastern, Md.,  
coming to the city one or two days each  
week.

W. D. Sullivan, of Simpson & Sullivan,  
will spend several weeks at Lake George,  
N. Y., in the month of August.  
Louis Willige, of Willige, Gibbs & Dan-  
iel, will take his vacation at Atlantic  
City.

Ernest Daniel, of the same firm, ex-  
pects to go with his family to his farm  
near Irvington, Va., on the Rappahan-  
nock River, leading the simple life and  
looking after his agricultural interests  
there. Mr. Daniel says this is to him  
the most enjoyable of all vacations, and  
he will repeat it this year after several  
experiences of the kind in the past.

## FIREMEN ARE OVERCOME.

Deadly Fumes of Burning Ammo-  
nition Do the Work.

New York, July 15.—Twenty-five grem-  
men were "knocked out" and property to  
the amount of \$150,000 was reduced to ashes  
during the progress of a Jay street battle  
which baffled the combined attempts of  
a dozen engine and hose companies and  
three fire trucks to overcome it from mid-  
night until a late hour this morning. A  
six-story cold storage house, covering the  
larger part of the block, the property of  
F. C. Linde, was the scene. The fumes  
from burning ammonia used in preserving  
the stored produce was what put the  
smoke-eaters "out of commission."

The fumes surcharged the air on the  
inside of the building all through the  
fight, and made entry at all times peri-  
cious, and for the greater part of the time  
out of the question. Thus handicapped,  
the firemen were compelled to direct their  
lines of hose from positions outside of  
the building, and there were points far  
back among the big stacks of produce  
which they could not reach, and which  
kept the smoke boiling up for some eight  
or ten hours.

## Discover Plot Against King.

Madrid, July 15.—An anarchist plot  
against the King is reported to have been  
discovered in Valladolid, shortly before  
King Alfonso went through that city on  
a train, bound for Segovia. An anarchist  
of the name of Moysa has been arrested  
and several compromising letters were  
found in his pockets. The police searched  
several houses.

## Indisputable Evidence.

You have read our oft-repeated statement, "In use for over 30 years." It  
was in the early sixties that the prescription now universally known as Castoria  
was first made use of. With a record of over fifty, under five years of age,  
out of every hundred deaths, it was the AMBITION OF EVERY PHYSICIAN to  
discover a remedy suitable for the ailments of infants and children that would  
decrease this distressing mortality. In Castoria that relief has been found.

Let us take the statistics covering the deaths in the City of New York for  
the past 30 years, and here we find the beneficent effect of a combination of drugs  
excluding opiates and narcotics so long sought for, namely: CASTORIA.

Of the total number of deaths in New York City in 1870, 50 per cent. were  
under five years of age; in 1880, 46 per cent.; in 1890, 40 per cent.; in 1900, 35  
per cent. only. Just stop to think of it.

Until 1897 no counterfeits or imitations of Castoria appeared on drug store shelves,  
but since that date Mr. Fletcher has been called upon to suppress a number of these  
frauds. While the record for 1900 does not come down to our expectation it is  
owing to the carelessness of mothers when buying Castoria. The signature of Chas.  
H. Fletcher is the only safeguard.

## CASTORIA

The Kind You Have Always Bought, and which has been  
in use for over 30 years, has borne the signature of  
Chas. H. Fletcher  
and has been made under his per-  
sonal supervision since its infancy.  
Allow no one to deceive you in this.  
All Counterfeits, Imitations and "Just-as-good" are but  
Experiments that trifle with and endanger the health of  
Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Pare-  
goric, Drops and Soothing Syrups. It is Pleasant. It  
contains neither Opium, Morphine nor other Narcotic  
substance. Its age is its guarantee. It destroys Worms  
and allays Feverishness. It cures Diarrhoea and Wind  
Colic. It relieves Teething Troubles, cures Constipation  
and Flatulency. It assimilates the Food, regulates the  
Stomach and Bowels, giving healthy and natural sleep.
